CAN WE GET BACK TO PEACE NOW THAT THE ELECTIONS ARE OVER?

I remember when my kids were growing up I couldn't wait until they were 6, 12, 18 or 21 because I knew that my life would be easier when they reached that magic age. If you have raised kids, you know that it doesn't happen magically. Presently, I feel that way about America. The elections are over, but all is not magically better. The economy does not appear to be rebounding and everyone seems to be not only concerned, but fearful. The future is up to each one of us and we have the power to change it. Remember Franklin Roosevelt's words, "we have nothing to fear but fear itself" and refuse to buy into that fear. You escape from your troubles when you pick up your stitching. You **know** it takes you into that internal quiet place where all troubles cease. While you are there you are close to your God source. Know that your stitching is a prayer that expresses peace. As you stitch focus on peace in the world. Not just the peace between peoples, but the peace that keeps us out of fearful thoughts. The economy will get better if you can stitch and wait patiently.

Plans changed a bit—we're working on a date and destination in January 2010. Details will follow as soon as they are finalized.

CHRISTMAS FRAMING TIMELINES

It's time to bring items you want framed for Christmas into Galerie Severn. Angela will guarantee work for another week to ten days. After that she'll accept framing jobs but make no commitment she can't keep.

E-letter Special of the Week

**Children's Beginner
Cross Stitch Kits**
in-stock inventory

Save 20% until November 22nd

TECHNICAL HELP SOUGHT WITH OUTLOOK EXPRESS

I want to backup my Outlook Express address book (wab file) from the shop computer to my home computer. I know how to copy the address book and import it into the program at home but I do not know how to copy the file WITH THE GROUP MEMBERS INTACT and input it into the Outlook Express address book on my home pc. What keeps happening is that the shop backed-up wab file immediately reverts to the wab file on my home pc when the CD or flash drive is inserted on my home pc—giving me exactly the opposite result of what I am trying to do. Can anyone help? I need explicit instructions. I am now completely out of ideas and cannot find information on how to accomplish this. The sad part of this request is that I have done this once in the past, but can I remember how I did it? Of course, not! Will I keep the directions this time? Yes, 10 copies, filed everywhere!

SHOP SERVICES
